# GREEN 2

The Australian Curriculum places emphasis on Sustainability as a priority for study.

Sustainability addresses the ongoing capacity of Earth to maintain all life.

Education for sustainability develops the knowledge, skills, values and world views necessary for people to act in ways that contribute to more sustainable patterns of living.

In Green 2 we are learning about sustainability. We are trying to reduce our plastic bag use by encouraging our class mates to switch to containers that can be used each day rather than a plastic bag. It would be fantastic if our whole school community could make the switch.

We have set ourselves a challenge to reduce our class waste to this bin size.

We also are recycling our snack wrapping through the REDCYCLE Program offered by the supermarkets.

We compost our food scraps which gets reused in our school garden.

We use the produce grown in our school garden to cook with each Thursday.

What changes can you make at home to reduce what goes in your red bin each week?

It is a time to celebrate Australian multiculturalism, and the successful integration of migrants into our community.

Australia is one of the most successful multicultural countries in the world and we should celebrate this and work to maintain it.

Harmony Week is about inclusiveness, respect and belonging for all Australians, regardless of cultural or linguistic background, united by a set of core Australian values.

Our school will be celebrating Harmony Day on Friday 19th March. Students are asked to wear orange in support of Harmony Day. Orange is the colour chosen to represent Harmony Week. Traditionally, orange signifies social communication and meaningful conversations. It also relates to the freedom of ideas and encouragement of mutual respect.
